A full day of contests, games, athletic events and freedancing will provide entertainment from early morning until late afternoon.

Among the prizes to be offered to some lucky picnicers will be a beautiful radio-recorder, a case of beverages from Michael's Liquor Store, 1497 Solano Ave.; a moving picture camera, a pair of automobile tires and a recapping job at the Albany Recapping and Tire Service, 638 San Pablo Ave.; a boy's bicycle, a girl's bicycle and a barrel of assorted groceries.

Tickets for the prizes are being sold by local Eagles to go into a fund for erection of their new lodge at the corner of Solano and Evelyn Avenues.

The public address system for the day will be supplied by Tony's Radio Lab, 1404 Solano Ave.

Michael Fahmie, chairman for the picnic, advised those planning to attend the picnic to drive out San Pablo Ave. to McBride Ave. in Richmond, turn right and follow

Others present were Mesdames Albert A. Burns, president, Wallace Mardilla, Matt Johnson, Roland Gilstrap, and Franklin Henry.

Soroptimist News

By BEA RAYMOND

Our weekly roundtable met at Gaeta's Coffee Shop. The following guests were present: Sigrid Oakley, secretary of the Albany Police; Ed Haran, president of the Exchange Club and Mrs. Haran, Judy Hanson, Ted Williams, President of the Albany Chamber of Commerce; Ed Howell, Director of Recreation, and Ernest Tarr, City Engineer.

After welcoming the guests, President Bea Williams, ably assisted by Claire McGaw at the piano, had a singing contest between the quartet of men present and a selected quartet of women members. Of course the women won.

Program Chairman, May Ellis Olson asked Claire McGaw to introduce the speakers. They were Beverly Nember from the Woodrow Wilson high school, of Long Beach and Anne Haines of the Visalia high school, who discussed the Taft-Hartley labor law.

The young ladies are attending the Junior Statesmen School of America at Mill's College. The purpose of the school is for the education of high school youth in citizenship. The effectiveness of this education was very apparent as shown by the manner in which they presented their arguments. They had their subject well in hand and held the interest of we oldsters. They were asked a great many questions at the close of the discussion and answered them in a most able manner.

CITY BUDGET FOR 1947-48 PASSED MON.

An eight-cent increase in park purposes and an additional two cents for library use forced an increase of 10 cents in the city tax rate when the council met Monday night to pass on the budget for 1947-48. The new budget calls for an estimated expenditure of \$316,370.11. Mayor Lawrence Williams cited recent salary increases and the need for expanded library facilities as accounting for the higher tax levy.

The general fund budget, including administration, engineering, maintenance, streets and buildings, was set at \$270,894.51.

The city is looking to an expected revenue of \$34,000 from the Albany race track to finance a flat per cent increase in all city employees' salaries. This money will come from the \$100 per day tax on the track, levies of five cents on each admission ticket and various other taxes on the operation of the track. Williams pointed out that the revenue received will depend on the number of racing days permitted by weather.

Other business at the meeting included further discussion of the permit issued for blasting on the west side of Albany Hill. City Attorney George Glavinovitch stated that the C. W. Devilbiss Co. had posted the required bond of \$100,000 late Monday afternoon.

A motion by Councilman Frank Hays set the date of the permit to start on Aug. 4 and run three weeks. Councilman Raymond F. Cleary continuing his protest from last week against the permit was overruled by a majority vote of the council. He expressed the opinion that the present operations were underway only to haul dirt to the race track and not create a building subdivision as indicated in the subdivision plan submitted to the city.

Albany Realtor Offers Apts.

The apartments are at 930 Solano Avenue and may be seen by calling Gaeta's office, Landscape 5-7171, or seeing Mrs. Jean Smith, manager, at 935 Solano Ave., Apt. 1.

MORGAN'S MEANDERINGS

By M. S. T.

There has been a great oiling of guns and lining of sights in Albany this week as the city's nimrods prepared to observe the opening of deer season with a great blast of gunfire. Wonder how Chief Williams of the A.P.D. made out on his boast to bag his game by six of the a. m. on the first day out.

The William Vasconcelles, who own the Tuxedo Cleaners here in Albany returned from Hawaii this week and talk of learning the finer points of the hula while guests at a Lauau given by the Hawaii School of Hula.

There must be something electric about our city clerk, Myrtle McLean. She had only to wave her hand under the table lamp which went out while she read a resolution at the city council meeting Monday night. Presto, there was light in the darkness.

The phone books which become obsolete on August 10 should make a sizable addition to some waste paper drive which is surely to be forthcoming in the near future. Why not store them away and give 'em to a worthy cause?

To officer Jimmie McLeod we say hurry up and get well and back on the old beat. One month at home after an operation is enough.

Never Too Old

Arthur Woodbury is an ardent club man and the mere fact that he is 86 years young does not keep him from being on hand every first and third Monday of the month to serve as sentinel of Thousand Oaks Chapter, O.E.S., a post he has held for 14 years.

Woodbury was just as faithful to his following of the Masonic Blue Lodge and says that until the charter was closed nothing could keep him from attending a meeting. He is also a member of the Brothers Club of Thousand Oaks Chapter, O.E.S., and his wife, Camelia, 76, is also active in Eastern Star activities. She is a native of MacGregor, Iowa.

A Bostonian by birth, Woodbury has been in California since 1897. He was born in West Boston at a spot which is now the bottom of the Clifton Reservoir supplying water to the city.

In 1906 he bought a lot in Albany and in 1908 built his present home. Well known in the city, he drove a fire truck until his retirement at the age of 70.

Thousand Oaks Chapter and the Brothers Club recently held two birthday parties honoring Woodbury.

Stork Disrupts Plans for Party With Early Call

Proving again that the best laid plans of mice and women do "aft gang aglee," the stork stole a march on Mrs. Edyth Petersen of Oakland and she will not be on hand to greet the guests at a stork shower to be given today by her cousin, Mrs. Yvonne Walkup, and her aunt, Mrs. May Ellis Olson, at 727 San Pablo Ave.

Mrs. Peterson is now spending all her time getting acquainted with her new son, James Martin, who arrived recently at Providence Hospital, Oakland, weighing 5½ pounds. An older brother, Robert Harry, 3, is on the welcoming committee for little James.

Guests invited to the shower include Mesdames Rita Smith, May McCarthy, Genevieve Freeman, Patricia O'Brien, Virginia Walter, Beatrice Stabler, Bertha Walter, Maxine Callahan, Betty Roletto, Anna Winters, Ann O'Brien, Sidney Morris, Ruth Cmuhlar and Earl Olson and the Misses Joan O'Brien, Margate Winters and Thesese Skelton. The child's great grandmother, Mrs. Elizabeth Petersen, will be unable to attend, but is sending a gift.

St. Albert's Guild to Hold Garden Party

The annual garden luncheon card party and bazaar sponsored by St. Albert's Guild will be held in the spacious garden of St. Albert's College, 6172 Chabot Rd., Wednesday August 13, at 1:30 p. m. According to Miss Mary E. Goodwin, Guild president, the project undertaken this year will be the refinishing and refurnishing of the social halls of the college, and it is hoped that sufficient funds to carry out the plans will be realized. Arrangements are completed to seat and serve several hundred members and friends.

Rev. Peter C. Curran, O. P., Prior of the college is honorary chairman.

Water Consumption in July Sets Record EBMUD Reveals

The month of July, which has established records for days of sunshine and lack of the customary fog, has also made records in water consumption, it was revealed in figures released by K. L. Hamman, President of the East Bay Municipal Utility District.

The record consists of an average daily consumption of 128.5 million gallons, making a grand total of approximately 4 billion gallons for the month, the largest quantity of water ever used during the month of July.

Last year the average was 121 million gallons daily, making a July total of 3 3/4 billion gallons. The highest day of the current fiscal year was on July 28, when consumption was 142,722,000 gallons. This is below the high day of the last fiscal year, September 19, 1946, when consumers took 144,955,000 gallons in a 24-hour period.

President Hamman said there has been some reduction in the amount of water taken by industrial plants as compared with past years, but that the greatly increased population is now using larger quantities of water for domestic purposes.

Pardee reservoir now has in storage 85 per cent of its full capacity. Work on construction of the second Mokelumne aqueduct line is progressing as rapidly as deliveries of steel can be obtained. More than 10 miles have been laid to date.

Question: In getting a guaran-
teed loan under the G.I. Bill, must
my loan be secured by a lien?

Answer: Not invariably. Under
most circumstances a lien will be
required as security for a loan, but
there are a few conditions under
which a loan may be unsecured.

Question: Do the veteran's rights

to a loan guarantee extend inde-
finitely?

Answer: No. A guaranty may be
had if applied for within 10 years
from the termination of World
War II which has not been de-
clared yet.

Question: I am a widow of a
World War II veteran and I want
to buy a home. Can I obtain a guar-
antee of loan?

Answer: No. The privilege is lim-
ited to veterans of World War II.

Phone Users Reminded
Of Change in Numbers
On Sunday, Aug. 10

This coming Sunday, August 10,
is "Number Change Day." About
325,000 out of 400,000 telephone
numbers in San Francisco and East
Bay will be changed on that day
to include a numeral in the central
office name.

In reminding telephone users of
the change, Geo. A. Gitchell, East
Bay Division Manager of the Tele-
phone Company, said that begin-
ning Sunday all central office names
in San Francisco and East Bay
will include a numeral and it will
be necessary to include it when
dialing or calling. To avoid calls
going astray, he suggested that be-
fore placing calls users look in the
new August 10 directory for the
new number as about three out of
every four of the present numbers
will be changed Sunday, August 10.
Deliveries of the new directory
have now been completed, he said,
and the old books should be thrown
away on Sunday.

"We realize that a change of this
size is an inconvenience," said Git-
chell, "but it is necessary in the
expansion program now under way
to meet the requirements for
growth. The new number change
plan will pave the way for addition-

Saint Alban's Church

The topic for the sermon on Sun-
day, August 10, will be "Man's Dis-
order and God's Design," a review
of the Interseminary Conference
which was a meeting of over 700
seminary students of forty-three of
the Protestant denominations in the
United States and Canada. This
Conference was held in Oxford,
Ohio, in June. The sermon will be
delivered by Mr. James L. Jones,
Jr., Dr. Randolph C. Miller's as-
sistant and a student at The Church
Divinity School of the Pacific, who
was a delegate to the Conference.
Mr. Jones will also tell a story for
the youngsters at "Junior Church,"
and they will be dismissed at 11:30.
Mrs. Charlotte Elliot will sing
"The Lord's Prayer" as the Offer-
tory Anthem.

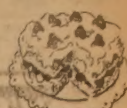

Due to the absence of Dr. Miller
the regularly scheduled 7:30 serv-
ice of Holy Communion will not be
held.

al central offices to be installed dur-
ing the next few years and will also
make possible the gradual extension
of direct dialing of calls to other
cities by operators.

sist the tempted child in solving
his own problems.
